3. Decorative Frame Mount	7. Menu	11. Power Receptacle	
4. Wall Mount slots	8. Volume Up	12. CF/ MD	

6. Setting up the Digital Picture Frame

- A. Open the package and remove the protective foam. Remove the protective sleeve from the unit.
- B. Plug in the AC adapter into power outlet. Plug the other end into the unit.
- C. After the content is stored on the target flash media, insert the media into the proper slot.
- D. Turn power to on position via the On/Off switch. The power switch is on the right side of the Digital Picture Frame.
- E. As default, the first file in the card will be displayed first. The play sequence is sorted by the file name alphabetically automatically, regardless of file type. Therefore, an MP3 could be played first, followed by a second MP3 or an image, or a video.

7. Remote Control:

The following table briefly describes the remote control functions

BUTTON	DESCRIPTION
POWER	Turn FlashPlayer on or off

8. Playing an MP3 as Background to a Slideshow

- A. First press “Music” key to enter the music database. Use the arrow keys to select the desired music file.
- B. Press “Slideshow” key. This will play the selected MP3 while playing the slideshow.

9. Replacing Remote Control Battery

1. Remove the battery compartment cover by pulling the cover in the direction of the arrow.

2. Remove the battery.

3. Insert the replacement battery taking note of the correct polarity (+/-).

4. Replace the cover.

Caution:

1. Only use a 3V CR2025 battery.
2. Dispose of used batteries according to local ordinance regulations.
3. Remove the battery when not using the remote control for prolonged periods.
