

GL VISORTALK BLUETOOTH® HANDSFREE CAR KIT

“Connect your life, Connect your world”

BENEFITS FEATURES SPECIFICATIONS

Model GL-VTMK20

Turns your Bluetooth Cellular Phone into a Mobile Conference System for your car, home, or office.

- Clip it on your car's sun visor or place it anywhere.
- See who's trying to reach you by looking at caller ID display.
- Make a call by pushing a hotline button to the number you designate.
- Pair and connects to your mobile phone in one easy step.
- 8 hrs talk time, 260 hours standby, last number redial, phone book.
- Handsfree with built in LCD caller id display, speaker and mic, visor clip, car charger, instruction manual.

Keep both hands on the wheel while you keep your eyes on the road ahead. Mounted on your car's sun visor, the VisorTalk provides hands free communications while driving in your car. A quick release feature of the GL VisorTalk allows you to easily transport the GL VisorTalk to another vehicle or take it inside with you and use it as a conference calling system. With a quick scan of the backlit LCD you can see who's calling you. Easy access buttons located on the front panel allows you to accept or reject a call. Voice activated dialing and phone list directory means you can communicate without reaching for your cell phone. Stay safe. Use GL VisorTalk.
